# ABOUT NEXT LEAP

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled

The infographic consists of three main sections. On the left, a yellow box displays '16+' study destinations with flags of the UK, Canada, and USA, and a 'GET FREE EXPERT ADVICE' button. In the center, a black box shows '14+ COURSES' and 'OUR HAPPY STUDENTS' with five circular profile photos. On the right, a smiling male student in a green plaid shirt and backpack holds books, standing against an orange background.

# Al Jami' Library

Out of its belief in the power of art as a universal language, and instrumental in fostering communication, dialogue, and openness to others; Al Jami' Library serves as a window for researchers and those interested in exploring the most significant advancement of the Islamic culture in arts and sciences. The richness of the library's invaluable books and manuscripts helped create significant bridges of communication with other cultures. Such interest stems from the continuous support of H.H Sheikh Mansour bin Zayed Al Nahyan, UAE Vice President, Deputy Prime Minister, and Minister of the Presidential Court, who also generously provided approximately 3 thousand books and periodicals, written in 14 living languages. This gesture aims to document the Islamic civilization's sciences and arts while also diligently working to spread and revive them on the other hand.

# Religious Programs

The Centre organizes various religious programs throughout the year that focus on different topics concerning all segments of society.

CARTOON NETWORK  
TM & © Cartoon Network.  
TM & © TBS Europe Ltd.

The main banner features a collage of images from different theme park areas. On the left, characters from Cartoon Network shows like Adventure Time and Ben 10 are shown. In the center, a massive Tyrannosaurus Rex is depicted as if it's about to attack a roller coaster track. To the right, the Marvel Universe is represented with characters like Thor, Iron Man, Captain America, Hulk, and Black Widow. A girl in a striped dress is seen walking on a path. The banner also includes the "IMG BOULEVARD" sign and the "MARVEL" logo. At the bottom, there's a large call-to-action button with the text "BUY YOUR TICKETS NOW". Below that, a smaller text says "Want to have fun all year long? Get Annual Pass ▶".

LUXURY WATERFRONT LIVING

## ASI VISION

Setting new standards in **luxury living**. Al Sharq Investment (ASI) is the culmination of two of the region's largest and most respected conglomerates. Their combined vision is to create an unparalleled global destination that offers outstanding hospitality and ultimate luxury living. As well as, to surpass worldwide standards in all the multi-layered elements that make up a sublime lifestyle experience. ASI envisions a new future of **high-end residences** in the region.

Live inspired.

## ASI MISSION

## PANORAMA RESIDENCES **SENSES UNCENSORED**

Homes that go beyond the expected. Each individual Panorama Residence is unique, enriching the lives of every owner. Exceptional down to the last detail. With incredible views and access like nowhere else on earth.

Experience a new standard of opulence, optimising the wonders of Palm Jumeirah, where you have limitless time for what's important to you. Be truly free to live life to the fullest.

POTTERY

# UNIQUE HANDMADE POTTERY

# ABOUT US

## OUR JOURNEY

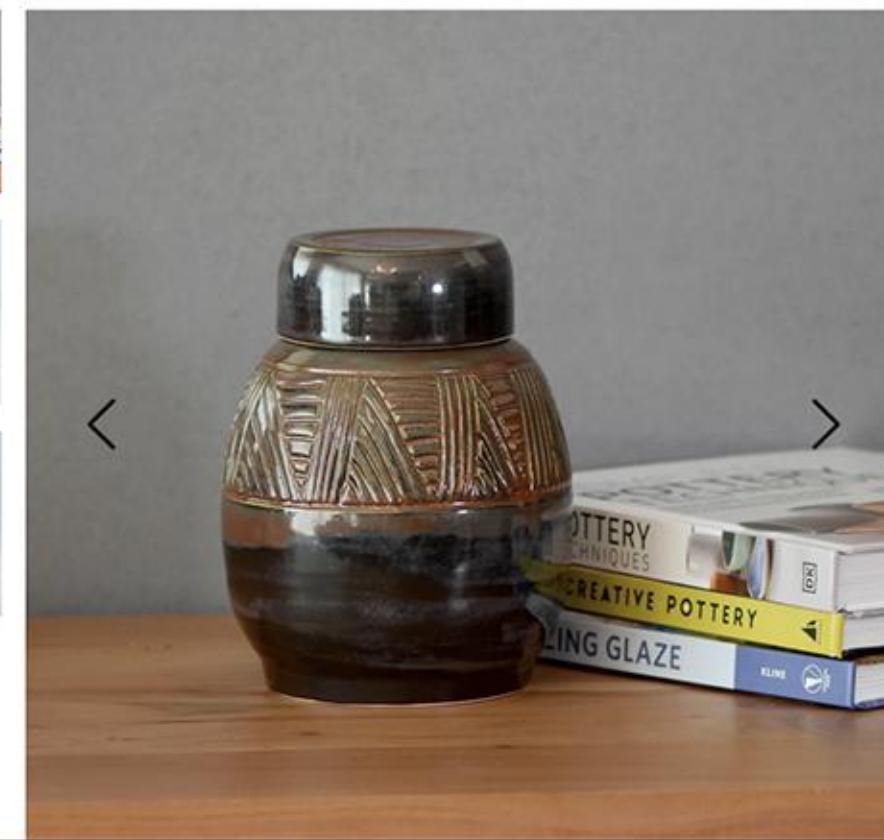

Alaa Pottery is a dream that started in my home studio in 2019 and became a reality in 2022 when I founded the company in Dubai to share my passion for pottery with those who share my appreciation of this fine art.

Each piece of pottery is handcrafted using high-quality raw materials and a wide range of techniques to produce a durable and aesthetically pleasing final product. Alaa Pottery is one-of-a-kind because of its distinctive designs, materials, and color palette, all of which maintain the authenticity of natural clay while adding a cozy, rustic vibe.

The heart and soul of Alaa Pottery is capturing the splendor of the natural world and transforming it into a one-of-a-kind, handcrafted item produced with the utmost sincerity just for you.

If you want to see what is happening behind the scenes please follow me on Instagram @Alaa.pottery

WE BRING JAPANESE  
REGENERATIVE  
MEDICINE TO YOU

UAE BEST  
STEM CELL THERAPY

Contact Us

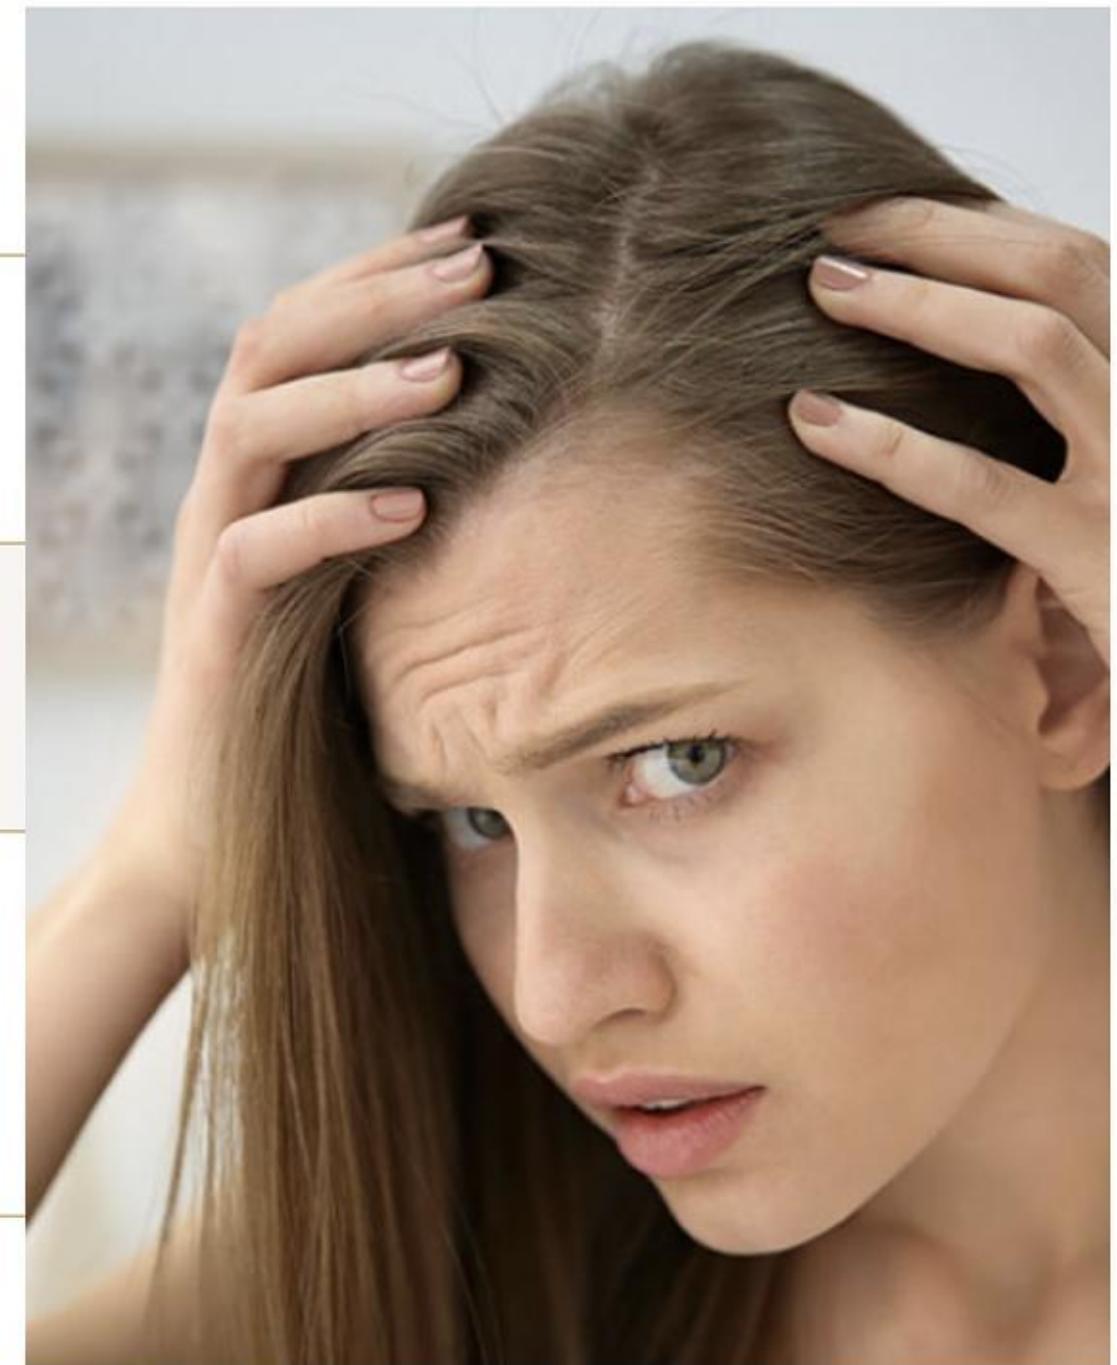

## ★ DIABETES MELLITUS

This is a regenerative medicine that aims to fundamentally treat diabetes by regenerating human beta cells, which has been considered to be impossible. Effects of improving insulin resistance can be expected.

## ★ LIVER DISORDERS

It is considered that the use of stem cell treatment for liver disorders would have no immune rejection, and is expected to be a noninvasive treatment to complement liver transplantation.

## ★ ANDROGENETIC ALOPECIA (AGA)

We will provide an original treatment that combines stem cell treatment using the patient's own cells and PRP treatment using blood.

## ★ ED TREATMENT

Stem cell ED treatment has the function of regenerating endothelial cells in the penile corpus cavernosum and thereby improving erectile dysfunction. By regenerating vascular endothelial cells, it can be expected not only to treat ED, but also regenerate endothelial cells in the body.

## ★ CEREBROVASCULAR DISEASE

This treatment method aims to encourage repair of damaged blood vessels and generation of new blood vessels by administering stem cells and to improve symptoms of cerebrovascular disease by restoring blood flow and suppressing inflammation.

## CHARACTERISTICS OF JBC

In addition to providing treatment in compliance with the Japanese Act on Securing Safety of Regenerative Medicine, JBC also examines and verifies the state of regenerative medicine as medical care and the establishment of evidence from various perspectives.

We are making efforts every day with the aim of providing safe and effective treatments to patients, and using the clinical results for the development of regenerative medicine.

The safety and appropriateness of regenerative medicine (stem cell therapy) are first and foremost secured by the administration of high-quality cells. We believe that the most beneficial stem cell treatment plans for patients that can be provided currently are based on building team medical care, accurate diagnoses, and measurement of efficacy.

### PROVIDING THE HIGHEST QUALITY CELLS CULTURED UNDER STRICT CONTROL

We believe that the safety and appropriateness of stem cell treatment are assured by the quality of the stem cells administered (cell viability and cell size), the content of the cell processing facilities, and the cell manufacturing processes.

Through our clinic, the patient's own stem cells are collected in Dubai, cultured under strict control at Japan's top-class cell culture processing facility, and are quickly returned to Dubai. Therefore, patients in Dubai can now receive treatment with the highest quality cells, backed by Japan's advanced technology and know-how.

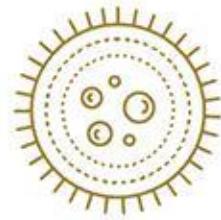

# REGENERATIVE MEDICINE TREATMENT

---

## PRP (PLATELET-RICH PLASMA) TREATMENT

PRP (platelet-rich plasma) treatment is a regenerative medicine that aims to enhance our innate "healing power".

## About the TMS Awards

The Maritime Standard Awards recognize excellence across the shipping, ports, and maritime sectors. The 11th edition of this prestigious event took place on Wednesday, November 6, 2024, at the iconic Atlantis in Dubai. As with every previous year, it celebrated the remarkable achievements of the industry's top performers with style and sophistication. The event's continued success and high attendance reaffirmed its position as the premier awards ceremony for the maritime industry in the Middle East and Indian Subcontinent.

# Terminal Services

We offer a comprehensive range of terminal services to ensure efficient and seamless operations. Our prime facilities operate 24/7.

Provided by trained operators, our services include:

## Vessel Loading and Unloading

Our terminal is equipped to handle vessel loading and unloading operations efficiently. With high-capacity marine loading arms and deepwater berths, we ensure swift and safe transfer of

## Tank-to-Tank Transfer

We facilitate the seamless transfer of products between storage tanks within our facility. Our flexible pipeline system, capable of handling multiple grades, ensures quick and

## Cargo Blending

PT OTK provides cargo blending services, allowing for the customization of petroleum products to meet specific client requirements. Our precise blending processes ensure the production

With these extensive services, PT OTK is dedicated to delivering reliable, efficient, and safe terminal operations for our clients.

## On-Site Laboratory

We have a full-specification laboratory historically staffed by highly trained chemists and marine surveyors, ensuring precise product testing and quality control. The Laboratory is readily available for providing full service upon future requirements.

## Automated Fire Fighting System

Supported by a fully equipped with 24/7 fire pumps and foam system. Our automated firefighting system ensures rapid response to any emergencies.

## Oil Spill Equipment

Our terminal is equipped with oil booms and supporting equipment that ready to deploy as and when needed.

## Trained Personnel

Our staff undergo nationally and internationally accredited training for fire fighting and oil spill response, ensuring readiness and expertise.

## In-House Medical Clinic

Our clinic is equipped with a standby doctor and ambulance, providing immediate medical support when needed.

PT OTK's storage solutions are designed to provide top-quality service, ensuring the integrity and quality of the products we handle. Our tanks and berths are equipped with features to support efficient operations.

Our storage facilities at PT Oil Terminal Karimun are equipped with a wide range of tanks designed to accommodate a diverse range of petroleum products. With substantial capacity and storage technology, our tanks ensure safe and efficient handling of various grades of fuel. Key features of our tank facilities include:

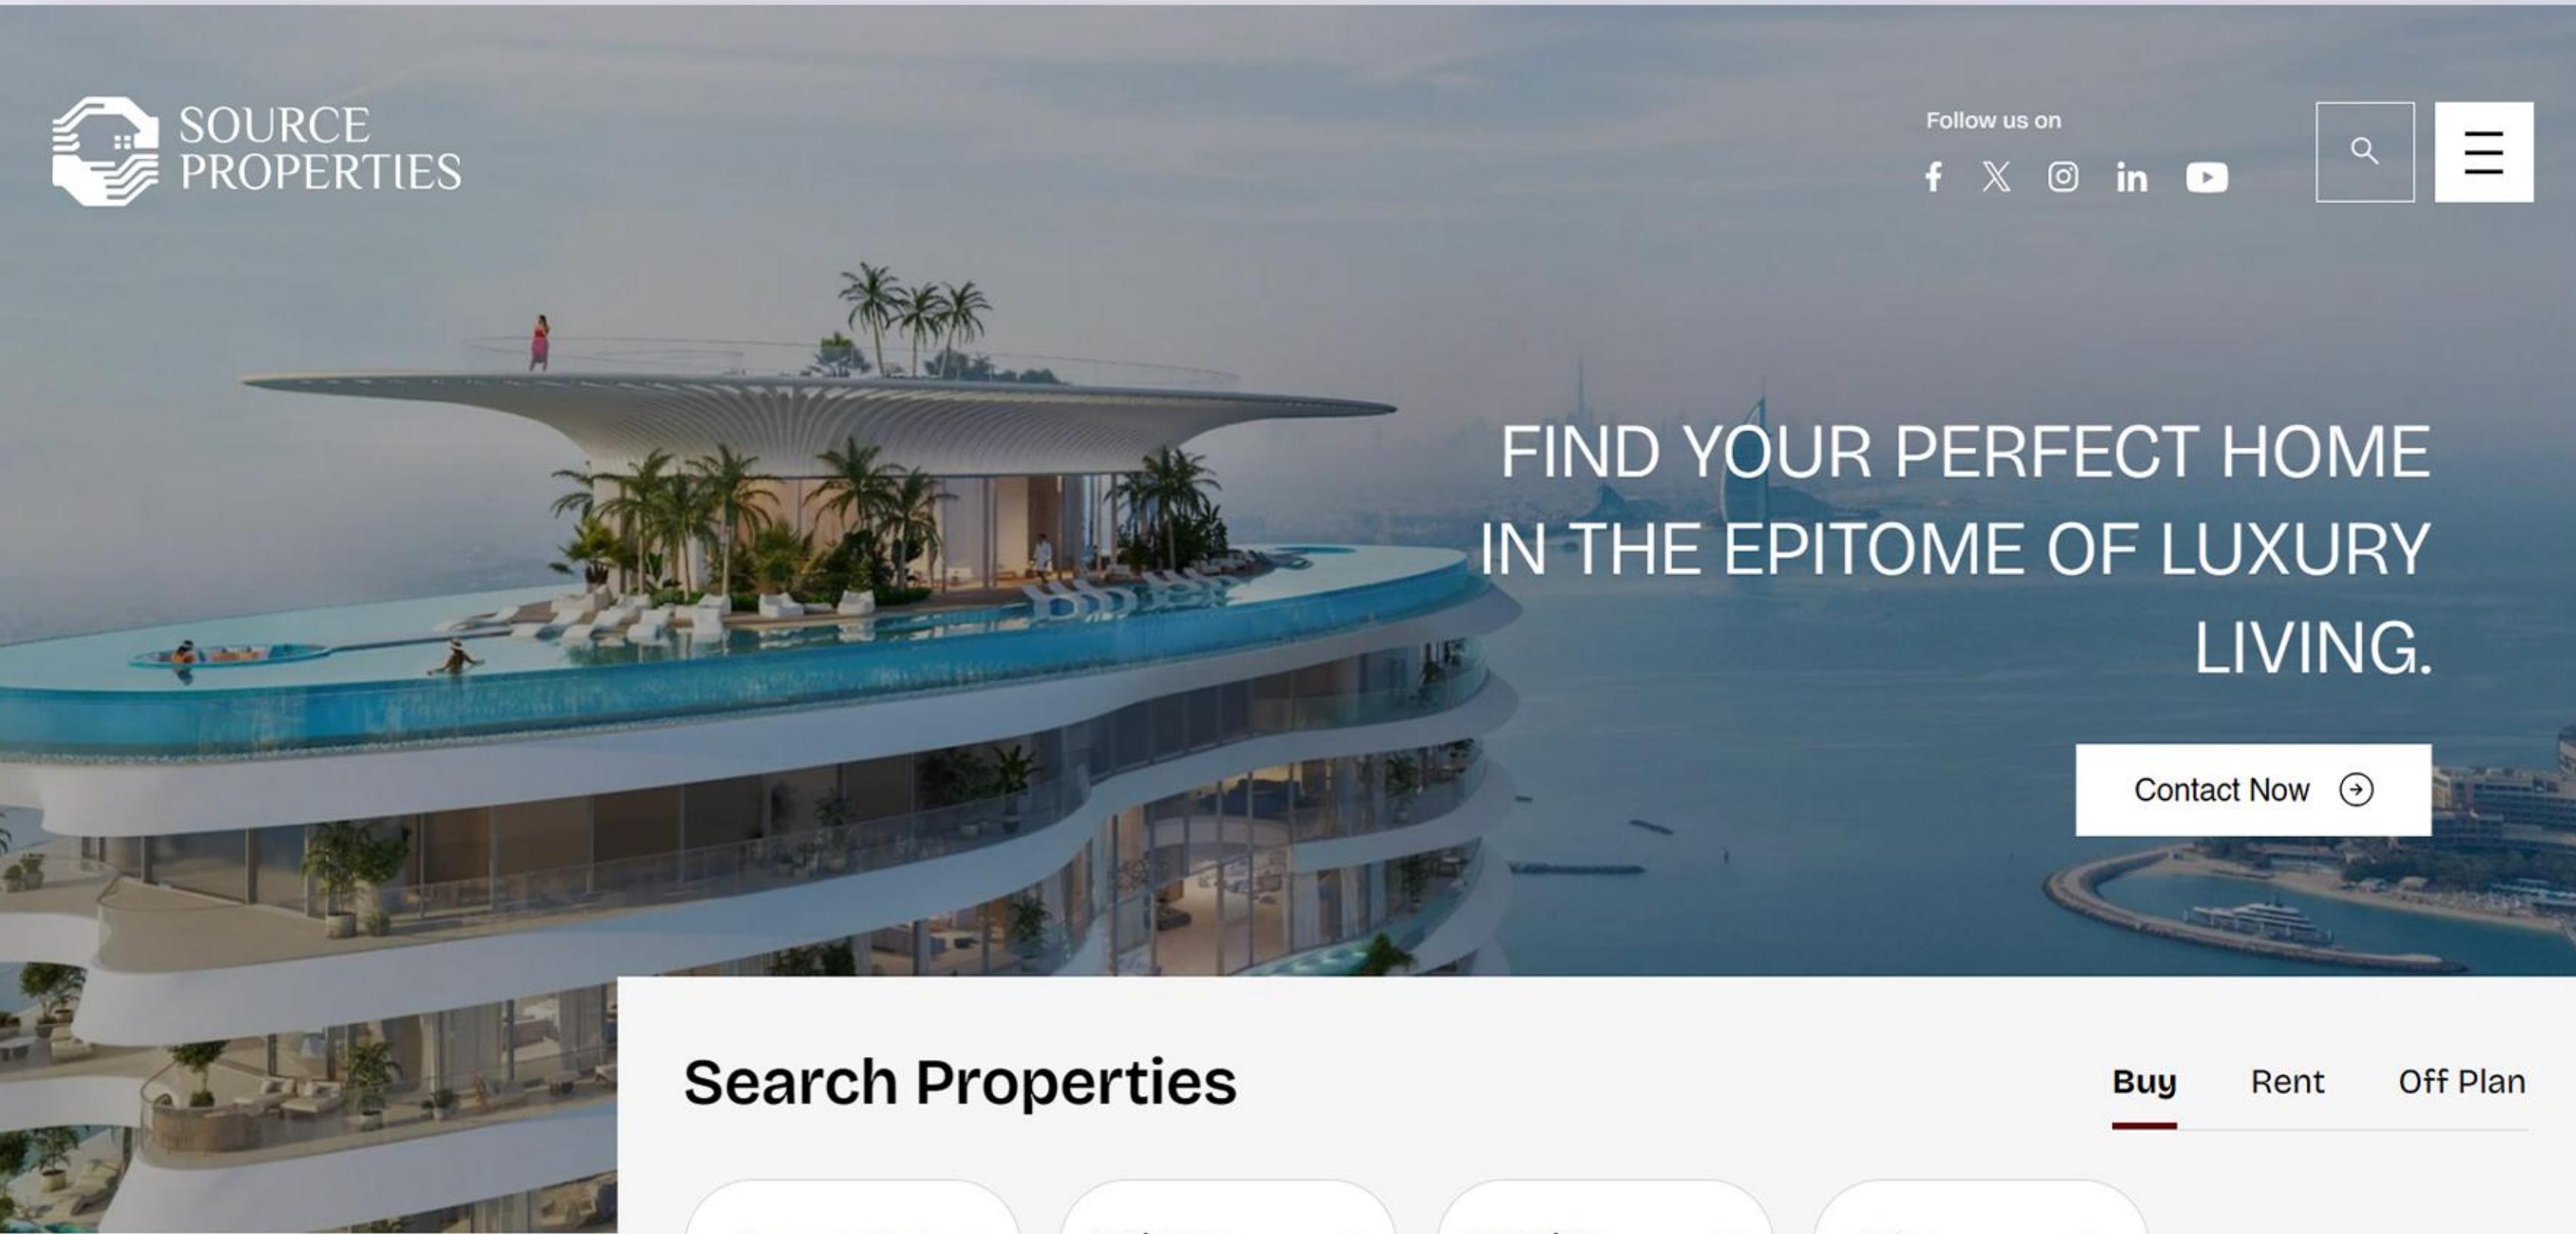

The terminal is supported by dedicated jetties to ensure safe and efficient operations.

## WELCOME TO SOUQ AL JAMI

---

Souq Al Jami' is a unique addition to Sheikh Zayed Grand Mosque Center's system of improved services and facilities that are offered to the visitor to further enhance the experience at the grand mosque. Spanning over an area of 341.10 square meters, the Souq provides an integrated experience according to the highest international standards. It houses 51 outlets offering a unique shopping experience, and a variety of restaurants and shops, taking diversity into account. While it also includes the family-friendly "Fun Block", to meet the needs of visitors and worshipers of different age groups.

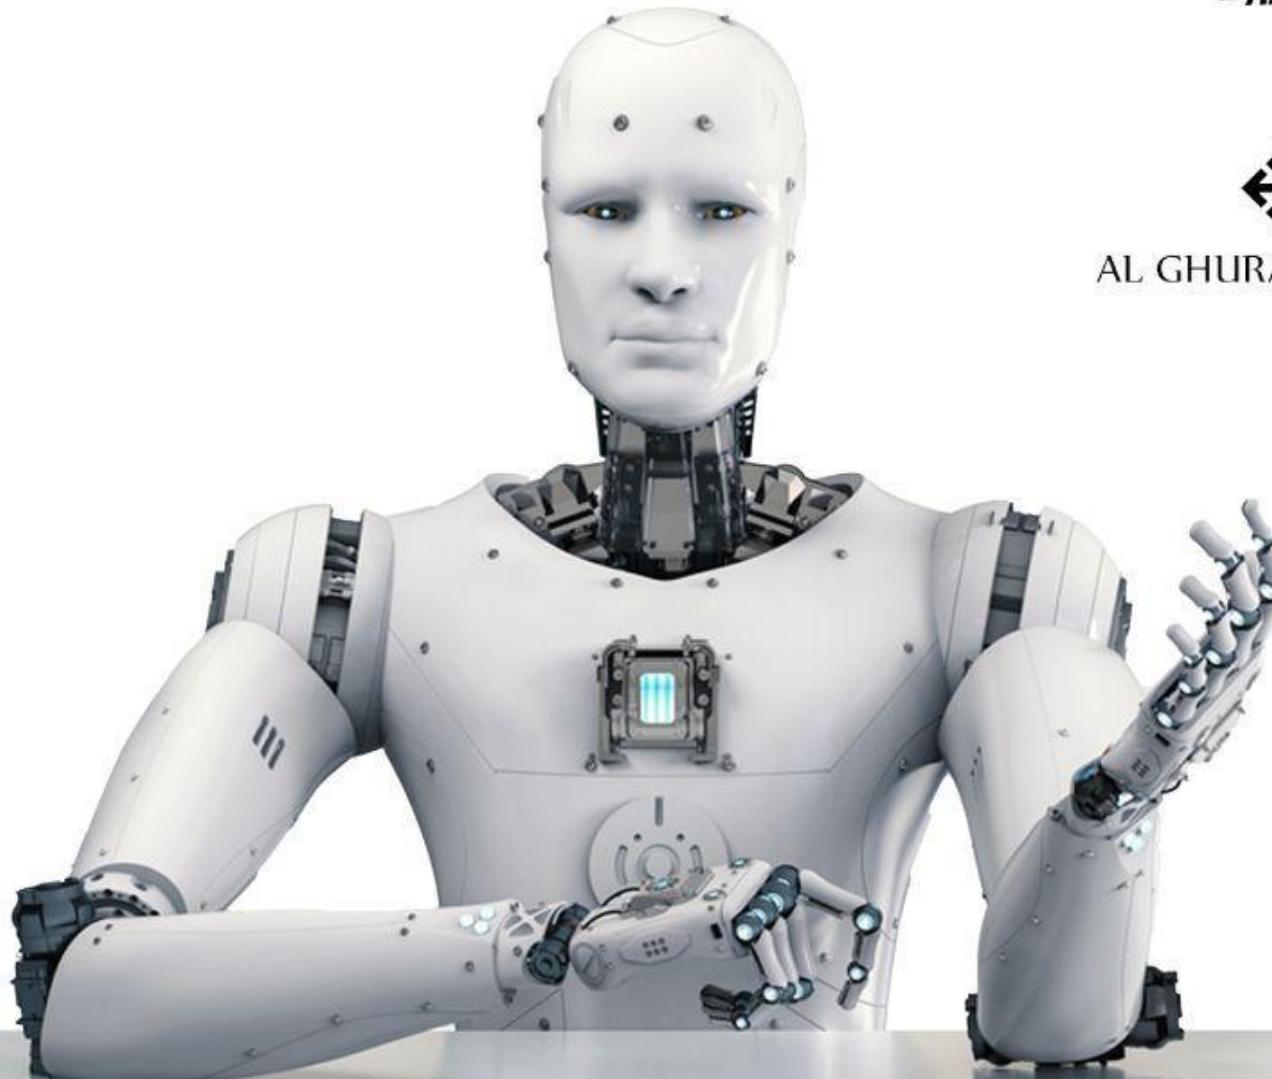

## SHEIKH ZAYED GRAND MOSQUE

---

Enrich your visit to Souq Al Jami'! Learn about one of the most prominent platforms for tolerance and cultural convergence and one of the leading cultural landmarks in the world by joining one of our complimentary cultural tours at Sheikh Zayed Grand Mosque.

# THEY TRUST US

“Alone we can do so little, together  
we can do so much.”
